

BCC NEWS

A Publication for Alumni and Friends of Broome Community College

Summer 1995

Attention BCC Alumni!

They're On Their Way!

The BCC Alumni Directory is nearing completion and soon the directories will be shipped to all graduates that ordered them.

This comprehensive new volume is a compilation of the most current data available on over 24,791 Alumni, which was obtained through questionnaire mailings, telephone verification, and Alumni Office records. Now that the editing, proofreading, and printing are almost finished, the distribution of this impressive edition will begin.

The directories are tentatively scheduled for release at the end of August, 1995. All Alumni who reserved a copy of the directory during the verification phase of the process should be receiving their copy two to three weeks after the release. If you have a question on your order, or if you wish to place an order, please contact our publisher directly at the following address:

Customer Service Department
Bernard Harris Publishing Co.
16 Koger Center, Suite 103
Norfolk, VA 23502

Phone: 1-800-877-6554

Our new directory is an excellent way of reliving your school days and getting reacquainted with your former BCC classmates. To those who returned their questionnaires - many thanks for your cooperation. And, to those who ordered a copy of the Directory - enjoy!

Senator Tom Libous Named to SUNY Honor Roll

The BCC Alumni Association is pleased to announce that Senator Tom Libous (BT 73) was named to the 1994 Honor Roll that recognizes distinguished SUNY Alumni. Tom was selected on the basis of his history of outstanding support and loyalty to educational opportunity in New York State. The Senator received a congratulatory plaque from the Alumni Association. It was presented by President Dellow and Vice President of Student and Community Affairs, Charlie Quagliata, at SUNY Day in Albany on March 7, 1995.

A Grand Reopening of Titchener Hall!

After months of construction and waiting, the newly refurbished Titchener Hall finally reopened for classes on November 1, 1994. The updating of Titchener is just one of the many exciting changes in BCC's plan for the future, in its constant attempt to keep Broome Community College's reputation as a leader in affordable, quality education today.

With an impressive new brick facade, glass foyer and interior upgrades, Titchener Hall is completely accessible and provides an optimal learning environment for those who attend classes there.

REUNION INFORMATION!

Due to BCC's policy of confidentiality, Alumni Affairs can no longer release names, addresses, phone numbers, or other personal information to individuals for reunion planning. However, this section of BCC News is dedicated to providing you with the latest information on upcoming reunions, as well as individuals who are interested in getting one started. This feature, along with the BCC Alumni Directory that will be available this fall, will give you all the information you need to get back in touch with old friends! Current reunions in the works are as follows:

*Dental Hygiene Class of 1985 (10 years): Please contact Kathleen Segroe, 6 Sommers St., Kirkwood, NY 13795, phone (607)-775-3791.

Alumni on the Move	page 13, 14, 15, 16

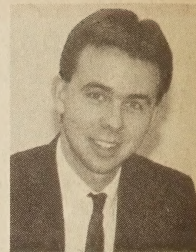

From the Director.....

These past few months as the new Director of Alumni Affairs have really been exciting. The first major project was the Spring Phonathon, and thanks to our active and contributing Alumni, we were able to exceed our fundraising goal for this fiscal year. If you haven't sent your pledge in yet, there's still time - it's never too late. The more funds we raise, the more students we can help in the way of scholarships and grants-in-aid during the '95-'96 school year.

Looking towards the future, we have our 50th Jubilee Anniversary Celebration kicking off with an Alumni hosted event in early October of 1996. It only *seems* like '96 is out there in the far distances of time, but the reality is that we need to begin planning and orchestrating our prominent role in this once-in-a-lifetime celebration. Please take a moment to fill out the questionnaire on page 7 and send it back to me with your comments and suggestions. We will need all of our talented Alumni involved in order to make this an unforgettable event.

Our ongoing Alumni Association Membership Drive is going well this year, with over 100 brand new members taking advantage of the many benefits that our card carrying members receive. We are still diligently working to increase the number of businesses that are involved with our Alumni Business Connection (offering a 10% discount or other special deals to our Alumni Association Members). With so many BCC Alumni that either own or work in area businesses, the discount possibilities are truly endless. If you would like more information on the Alumni Business Connection, please do not hesitate to contact me at 607-778-5036. The more businesses we have supporting our Association, the easier it will be to attract new members. We have set a tough goal of signing up 250 brand new Alumni this year - so please consider joining if you haven't already. REMEMBER, your \$25.00 fee not only benefits you with spectacular opportunities, but also supports today's students with merit scholarships and grants-in-aid.

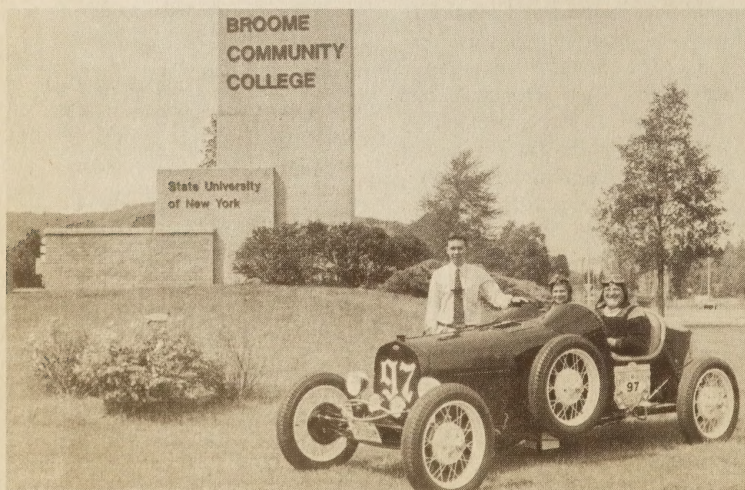

Lastly, I just wanted to let you know that the newspaper format of the BCC News will enable us to reduce our expenses, as the price of paper has recently gone sky-high. By conserving our resources, we can channel our efforts towards the College, our students, and the nearly 30,000 Alumni of BCC.

I would also like to, once again, congratulate the Class of 1995 and wish them the best of luck in the future. We look forward to welcoming you, and those that have graduated before you, back to BCC as an Alumni for our 50th Anniversary Jubilee Weekend in October of 1996!!

Have a great summer!!!

Robin Alpaugh
Director of Alumni Affairs

Great American Race Car

Elliot and Judy Reitz display their pride and joy — a '29 Ford, on the BCC Campus.

BCC On The Road With The Great North American Race

The 1995 Great American Race will be driving through a town near you in July, with over 100 antique automobiles on a course that runs from Ottawa, Canada, all the way to Mexico City. Our own BCC Professor, Elliot Reitz and his wife Judy (who is an alumnus and a faculty member), will be navigating car # 97, a black 1929 Ford "Indy Type" Racer.

With a very competitive entry process, they were fortunate to make the top 100 field cut. There will be over \$15 million in pre - WWII cars competing for first place against teams from around the world. Departing on Saturday, July 1st, in Ottawa, Canada, the racers will be cruising into Toronto by evening, with the next day's noontime stop in Buffalo, NY. On the evening of July 2nd, Downtown Binghamton hosts the Great American Race with a Shine Time America - Antique Car Show, live music (the BCC Jazz Ensemble will be performing), Mini Go-Cart Grand Prix, and the Taste of Broome Food Fair. The following day, the race moves onto York, PA, as well as many other "pit stops" before arriving at the finish line in Mexico City on July 15th.

A "great" plus for anyone who takes an interest in the Race is that it is absolutely free to all spectators. You are encouraged to talk with the drivers, take photographs and enjoy these museum quality autos, up close and personal. You'll have the unique opportunity to hear the chugs and backfires of cars you only see in books and magazines, along with the interesting people that sit behind the wheel.

Racing street legal antique cars 200 to 480 miles a day over sporty back roads and in all types of weather is tough to finish and even harder to win. The Reitz's have made several permitted modifications to their '29 Ford, including upgrading the cooling system, brakes, and engine components. Their car is entered in the "open wheel, open cockpit" class that specifically forbids fenders or tops. Good weather will certainly be appreciated.

Although not a speed contest, all cars must be capable of attaining interstate speeds. On some of the older vehicles, this is achieved with "overdrives." Success each day is measured by endurance and precision driving, where as little as a few seconds or one malfunction can put you out of the race for the day. Drivers are not allowed to use maps, odometers, or stop watches while competing in the race. Course directions are given each day, with a precise starting time and a series of instructions for speed changes, stops, starts, and turns as designated by a computer. Additionally, there are several secret checkpoints used each day to time and photograph each racer. Their times are sent via satellite to Central Scoring, which keeps track of the car's location and scoring points. Each second above or below the computerized schedule equates to a penalty point. The low score wins and every auto is handicapped according to age.

The 1995 Great American Race is truly history on the highway. If you see a jet black, sleek racer sporting #97 on the sides and grill, then you've found BCC's hometeam: Elliot and Judy Reitz. They may be hard to recognize behind the "Red Barron" goggles, leather skullcaps and scarves, but introduce yourself anyway. They'll be glad to see you.

Great American Race Schedule

Saturday, 7/1
Ottawa, Canada
Toronto, Canada

Wednesday, 7/5
Beckley, West Virginia
Ashland, Kentucky

Sunday, 7/9
Austin, Texas
San Marcos, Texas

Friday, 7/14
Jalpan, Mexico
Queretaro, Mexico

Sunday, 7/2
Buffalo, New York
Binghamton, New York

Thursday, 7/6
Lexington, Kentucky
Nashville, Tennessee

Monday, Tuesday, 7/10 - 7/11
San Antonio, Texas
Laredo, Texas

Saturday, 7/15
Finish Line: Mexico City

Monday, 7/3
York, Pennsylvania
Wilmington, Delaware

Friday, 7/7
Dyersburg, Tennessee
Little Rock, Arkansas

Wednesday, 7/12
Monterrey, Mexico
Saltillo, Mexico

Tuesday, 7/4
Washington, DC
Staunton, Virginia

Saturday, 7/8
Texarkana, Arkansas/Texas
Dallas, Texas

Thursday, 7/13
Matehuala, Mexico
San Luis Potosi, Mexico

The BCC Alumni Association is proud to sponsor the Reitz's in the Great American Race. Any Alumni interested in welcoming them in Binghamton, on July 2nd, should contact the Alumni Affairs Office at 778-5036.

The 1995 Great American Race is truly history on the highway.

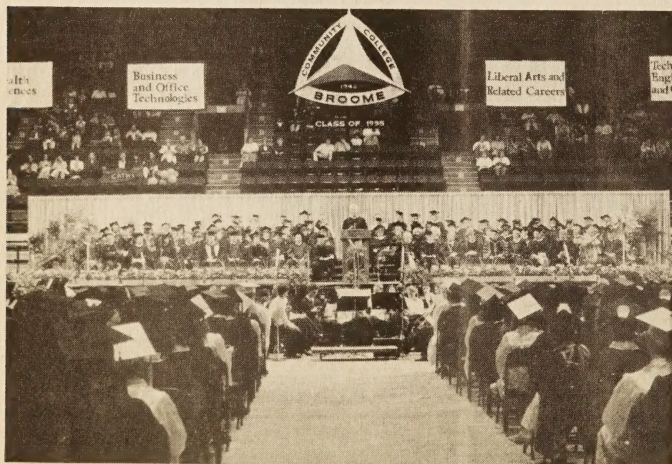

Look for the BCC Alumni Association Booth on July 2nd in Downtown Binghamton

Graduation 1995

This year's BCC Graduation ceremonies were held on Friday evening, May 26th at the Broome County Veteran's Memorial Arena in downtown Binghamton. There were 1,101 graduates in all, with 249 degrees awarded in business programs, 513 in liberal arts, 138 in engineering and technology, and 201 in health sciences. Introductory remarks were made by Jim Carrigg, Chair of the BCC Board of Trustees, and a BCC Alumni. President Dellow gave the Conferral of Degrees and he, along with Jim Carrigg, congratulated the students as they came forward to receive their degrees. They were assisted by Vice Presidents Bryan Blanchard and Charlie Quagliata with help from Professor Carmelita Keyes.

The Commencement Address was provided by BCC Alum Senator Tom Libous, who challenged the graduates to give a portion of their time and talents towards community service, thereby making our neighborhoods better places to live. Music was provided by the incredibly accomplished, young musicians in the Binghamton Youth Symphony Orchestra, under the direction of Conductor Bernard Shifrin.

The BCC Alumni Association wishes to thank all faculty and staff that helped make Graduation Rehearsal (setting up chairs with Alumni Association membership forms and distributing the Hershey's Chocolate Kisses) a spectacular success. A special thanks to Maines Cash & Carry Warehouse, in Johnson City for donating the chocolate for rehearsal participants.

1995 Annual Student Awards Recognition Event

This year's Annual Student Awards Recognition Event was held on May 4, in the Student Activity Area honoring outstanding students with awards and scholarships. The Foundation sponsored awards and scholarships honoring over 200 students. Nearly 400 people attended this exciting event. The BCC Alumni Association awarded four, \$300.00 Academic Transfer Scholarships this year including the Roger L. Hartman Fine Arts Award. The Scholarship and Awards Committee base their selections on need and scholastic achievement. These scholarships are funded through Alumni Association Membership fees (if you're not a member, you should be - the benefits are spectacular!! * see page 11 for details).

Our Award winners this year include Michael Bendert, a Phi Theta Kappa member (an Honor Society established in 1962 for freshmen and seniors that achieve outstanding academic grades) transferring to D'Youville College to study in the Physician Assistant program. Our second recipient, Nilsa Mariano, President of the BCC Storytellers and also a Phi Theta Kappa member, is transferring to Binghamton University to study Spanish. The third award went to Tracey Tondeur, active in recreational volleyball and a Phi Theta Kappa member, who will be transferring to Binghamton University to major in Geology. This year's Hartman Scholarship goes to Jane Caffee, the Co-President of the College's Fine Art and Design Club, and a Phi Theta Kappa member who will continue her studies at Hartwick College in the Fall.

Congratulations to this year's Alumni Association Scholarship Award winners!!!

Graduation '95

***Ceremony held on
May 26 at the
Broome County
Veteran's Arena***

SINGLES *Boscov's* NIGHT

THURSDAY, JUNE 29

Winter Holiday Concert, Dec. 16, 17, 1995	
Bill Gargano - Interior/Exterior Specialists	754-6220

Sign up today to take advantage of these great offers from our local businesses that support BCC and our graduates!!!

BCC Alumni Named UHS Employee of the Year

The coordinator of United Health Services Hospitals' special service program for Medicare patients has been named the 1994 Employee of the Year. Mary Jayne Westbrook, a BCC Alum and Treasurer/Secretary of the Alumni Association is the coordinator of the hospital's Senior Security program. Senior Security provides Medicare recipients and those 65 and older with a free ride to the hospital for pre-admission testing or non-emergency hospitalization, wellness and informational programs, as well as guidance in making sense of medical bills and insurance.

Mary Jayne was selected for this award by the UHS

Employee Recognition Panel, which stated, "She has been recognized consistently by patients and co-workers for her efforts to help the older population with their medical bills. In addition, she is also well-known and well-liked in the community, has a positive influence on others and is an outstanding representative of UHS Hospitals."

The Employee of the Year Award was started in 1987 to recognize hospital staff members who continuously "go the extra mile" towards enhancing patient care, productivity and service to the community. Congratulations Mary Jayne!!

ALUMNI SURVEY...

BCC is almost 50 years old! 1996 is fast approaching, and preliminary planning has begun for the College's Jubilee Anniversary Celebration throughout the 1996-97 school year. Alumni participation is very important to us, so we want to know what you would like to see featured as Anniversary activities and events. Please complete the following survey, and return it to us ASAP!

1. Would you attend an Alumni Reception or similar event in the Binghamton area?

☐ Yes ☐ No

2. If so, what type of event would you prefer?

- | | |
|---------------------------------------------------------------------|---------------------------------------------------------------------------|
| <input type="checkbox"/> Cocktail Reception & Dance-Live Band or DJ | <input type="checkbox"/> Alumni Picnic |
| <input type="checkbox"/> Formal (Black Tie) | <input type="checkbox"/> Alumni Basketball Game |
| <input type="checkbox"/> Semi-formal | <input type="checkbox"/> Golf Tournament |
| | <input type="checkbox"/> Other type of theme party (please specify) _____ |

3. How much would you be willing to pay for this event?

(Dinner AND party, per person):

- | | |
|-------------------------------------|-------------------------------------|
| <input type="checkbox"/> Under \$25 | <input type="checkbox"/> \$35-49.99 |
| <input type="checkbox"/> \$25-34.99 | <input type="checkbox"/> Over \$50 |

4. What other types of events would you attend if they were held during the year (please check all that apply):

- ☐ Alumni vs. faculty sporting event
☐ Fine arts presentation (play, concert, dance recital)
☐ Academic forum
☐ Food festival
☐ Educational/motivation speaker
☐ Other: _____

5. If you no longer reside in Broome County, how many times during the anniversary year would you be willing to come to BCC and/or the Binghamton area?

☐ One ☐ 2-3 ☐ 4 or more

6. Of the following groups, which did you most identify yourself with as a BCC student? (Please specify)

Class year _____
 Curriculum _____
 Athletic Team _____
 Student government _____
 Performing arts group _____
 Other on-campus organization: _____

7. Would you be interested in actively helping organize?

☐ YES ☐ NO

8. Are you a **paid** member of the BCC Alumni Association?

☐ YES ☐ NO

9. IF YES: Which of the Association's benefits do you find most valuable?

- ☐ Use of the Library and Learning Resource Center
☐ Use of the Fitness Center and gym
☐ Free admission to Hornets home sporting events
☐ Hotel and car rental discounts
☐ Discounts at local businesses

Any other comments?

BCC Alumni/Staff Spotlight

Tricia Newland

Assistant Professor, Nursing

"When I entered the Nursing Program at BCC several years ago, I never thought that I would someday return to teach students in the very same program that I graduated from. My return to BCC as a faculty member was preceded by a variety of experiences in the nursing profession. The fall semester of 1995 marks my fourth year as a full time instructor."

"For the first seven years after graduating from BCC, I spent a great deal of time in several different nursing positions in Binghamton and Rochester. When I decided to pursue a Baccalaureate Degree, my BCC education paved a smooth transition to the SUNY Institute of Technology in Utica. All of my Associate Degree credits transferred, and with my combined studies at SUNY Utica, including clinical experiences, I was fully prepared for graduate school."

"After completing grad school at Syracuse University, I remained in the Binghamton area, working as a clinical specialist and later as a nurse administrator. In 1990, I returned to BCC as an instructor in addition to establishing my own business, Medical Legal Consultants. The company focuses on assisting area attorneys with medical court cases. I like working on the interesting cases that I have handled, and I continue to enjoy being a nursing educator at BCC."

Tricia writes that she has been honored in Who's Who in American Nursing, and has been recognized by the American Association of Legal Nurse Consultants for contributing to the Journal of Legal Nurse Consulting. She also recommends that students view their graduation from BCC as a new beginning and not as the end of an educational goal. "Learning is a continuing process, extending far beyond the foundation of knowledge you build at BCC!"

Clarification

We would like to extend our apologies to the Binghamton University Decker School of Nursing for an inaccuracy that appeared in the Fall 1994 BCC News. We incorrectly stated information regarding a comparison of passing rates between Broome Community College and Binghamton University. On behalf of the BCC Nursing Department, we sincerely regret any misunderstanding that may have occurred.

Editor

Jane Hlopko

Assistant Professor, Health Information Technology

I graduated from BCC in June of 1974 from what was then known as the Medical Record Technology Program. In those days, the College was on a three term academic year (Fall, Winter and Spring). I chose BCC to begin my post-secondary education because I wanted to attend college while living at home. Growing up in the Triple Cities, I had heard about the quality education that BCC had to offer.

As a senior, I served my Directed Practice assignment at River-Mede Manor Nursing Home. During this time, I was offered and accepted a position to set up their first Medical Records Department. I was the first Accredited Record Technician ever to work at River-Mede. I worked there until 1976, when BCC program chairperson Mary Rosato asked if I would be interested in returning to BCC to teach in the Medical Records Technology program.

After 18 years, I am now an Assistant Professor in the program, now known as Health Information Technology. While teaching at BCC I earned my Master's degree from Binghamton University. I was honored to receive the Recognition Award for Outstanding MASS Thesis Project, as well as a nomination to Who's Who Among America's College Teachers.

Some significant changes I have noticed over the years at BCC would include the many new buildings on campus, as well as the change in type of students we have. When I first came to Broome as a student and a faculty member, the majority of students were recent high school graduates; having a nontraditional student was almost unheard of. Today, most of my students are nontraditional!

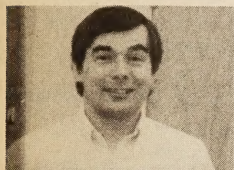

The one thing that has remained constant, however, is the quality of education that BCC is known for. Special names that come to mind from my college experience are Mary Schum and Teressa Buran. These two professionals were my mentors who assisted and guided me in my teaching career, and I will always be grateful to them.

I also met my husband, Jerry Hlopko, here at BCC while we were both teaching. Jerry is also an alumnus who went on to work here. In fact, I am already preparing our 10 year old daughter to attend BCC. She has heard throughout her young life that BCC is an excellent school and a great place to start her college education!

In Memoriam...

Professor Dan Dodway

Mathematics Professor Dan Dodway died last August when his plane crashed in Chenango Bridge, NY. An avid pilot, Dan was involved in many facets of flying in the Broome County area. He began his career at BCC as an Assistant Math Professor in 1975, and was promoted to full Professor in 1985.

His wife, Joan, recently expressed her gratitude for everyone's concern as well as the outpouring of community support with the passing of Professor Dodway. The care and warmth from friends at BCC during the difficult times was tremendously appreciated by Dan's family.

Oak Tree Planted at BCC in Honor of Dale Balunas

Dale Balunas had a stroke and passed away in October of 1993. In memory of Dale, the counseling staff at BCC (where Dale's wife is a counselor) planted a red oak tree on campus behind the Business Building. The red oak is an appropriate tribute to Dale, who was not only tall and strong in stature, but also in character and generosity. Dale started his education at BCC in 1968 in the Business Department, and went on to graduate from Onondaga Community College and the University of Denver with a business degree. He was an insurance salesperson in Binghamton and active with the YMCA youth basketball program where he was voted Youth Person of the Year. At the time of his death, he was in graduate school at Marywood College, in Scranton PA, so he could work with kids as a full time elementary teacher.

The red oak tree at BCC was a gift from the Counseling Staff - Gary, Al, Jim, John, Mary Ellen, Terri, Laura, and Lucy. Lynn Balunas and her family wish to thank the people on the campus and in the community for their support and help during those difficult times.

Scott Patrick Wheat, 1983-1994

Eleven-year old Scott Patrick Wheat was killed in a hunting accident on August 28, 1994. Scott was the son of BCC alumnus D. Michael Wheat (EH 69), who now makes his home in Fairbanks, Alaska. Scott loved the game of soccer and played year round (outdoors in the summer and indoors in the winter) for six years.

The Rev. Larry Stappler recounted during the funeral of Scott Patrick Wheat, "Scott touched many people's lives during his short life; his classmates, his teachers, his soccer teammates, the people of his church, his many friends and of course, most intimately, his family," said the Rev. Stappler.

A fund at the BCC Foundation benefitting the BCC men's soccer team has been set up in Scott's memory, so that others may enjoy the game as much as he did.

Phonathon '95: Alumni Support Continues To Grow

Thanks to you, our active and dedicated Alumni, our calling team was able to raise over \$79,500, which is a 12% increase over the last fiscal year. There are still a few outstanding pledges that have yet to be fulfilled. It's not too late to send them in. If you have any questions regarding your pledge, or if you need another reply envelope, please contact our Alumni Office at 607-778-5036.

As you may know, the Phonathon is just one avenue of the BCC Foundation fundraising plan. This year's \$325,000 goal will be met with the help and support of many businesses, individuals, organizations, foundations, and even faculty/staff.

The BCC Foundation awards over 600 students each year with Merit Scholarships and Grants-In-Aid. These assistance programs are just one way the Foundation helps deserving students continue their education.

An area that we will be working to improve over the next few months is the average gift levels. On the national level, community college alumni contribute an average of \$84.00 per year, while the average gift at BCC is just over \$33.00. On the positive side, it is important to note that BCC Alumni have a higher than average participation rate than other community colleges when it comes to contributions. We sincerely hope that you will take an active role in supporting the Foundation, and indeed, our students, when you are contacted to give in the future.

We would like to extend a big THANKS to our team of callers this year. Without their time and talent, we could never have reached our goals this year. The following people enabled our Phonathon to be successful this year (includes both Fall and Spring):

Rick Brutvan
Tracy Richards
Jason Allen
Craig Alpaugh
Stephen Andreatta
Stacy Chase
Kaneen Christensen

Jan Cragle
Stephanie Deliman
Rick Dutko
Kelly Hickey
Debra Kelly
Mark Hlebica
Nancy Juriga

Eric Millen
Paul Miller
Bob Pellicciotti
Paula Perkins
Jason Radice
Angela Ray
Mary Rowe

Bruce Schofield
Kris Snover
Linda Staples
Bob Vollmer
Tina Waffle
Donna Warner
Julie Wood

The following area restaurants provided donations of snacks, food and beverages throughout our 7 week Phonathon this Spring. With their tremendous support, we were able to keep our expenses low, (and our enthusiasm levels high) which allows us to concentrate our funds in areas like scholarships and grants-in-aid.

Papa G's Pizza & Subs - Front Street, Elaine White
Serv-Rite - Gordon Westcott
American Food & Vending - John Schiro/Nick "The Candy Man"
Pepsi-Cola Binghamton - Dick Matson

Guiseppe's of Chenango Bridge, JoAnne Klenovic
Grande Pizzeria Italian Restaurant
Pizza Hut - Upper Front Street
Nirchi's Pizza - Front Street

We also enlisted the help of these generous area businesses for incentive prizes that went to our callers:

BCC Campus Store
Holiday Inn-Arena
The Coffee Beanery Ltd.
Dine-A-Mate
California Sundaze
Court Jester
Eclipse
Barnes and Noble
Town Square Mall Theater

Video King - Upper Front Street
Cortese Restaurant
Ramada Inn
Sam's Club
McDonald's - Front Street
Harco Automotive - Chenango Bridge
Burger King - Front Street
Coca-Cola of Binghamton

Kost Tire - Front Street
Sneakers Fitness Center
IBM Heritage Country Club & Conference Center
Wendy's - Front Street
Red Lobster - Vestal Parkway
YMCA-Downtown Binghamton
Nichole's Shear Cellar - Chenango Bridge

American Family Fitness & Aerobics Center - Vestal
TGI Friday's - Town Square Mall
Friendly's Ice Cream - Front Street

Membership Enrollment Form

YES! I want to join the Broome Community College Alumni Association. Enclosed is my lifetime membership fee of \$25.00. (Please make checks out to BCC)

Name: _____

Former/Maiden Name (if applicable): _____

Class Year & Curriculum: _____

Home Address: _____

City, State, Zip: _____

Home Phone: () _____ Work Phone: () _____

Please Bring This Form Along With Payment to the Student Accounts Office (SA 113) or Mail to: Broome Community College, Student Accounts, P.O. Box 1017, Binghamton, NY 13902-1017.

If you move, get married, change your last name, or switch jobs, remember to let us know!

Planned Gifts Can Help College, Students and Donor

by Roger L. Hartman
Director of Planned Giving

There are many ways alumni and friends of BCC can help the College and its students, and some of these can benefit the donor as well. In this and upcoming issues of BCC NEWS the major gift vehicles will be discussed.

Generally, gifts to the Foundation to assist BCC and its students come in two ways. The most common is a gift to the Annual Fund. This is the "life blood" of our effort and the one where most resources are invested, in staff and volunteer time and materials. But the following gifts are referred to as "planned," and it is these gifts that support the College forever through the Foundation's Endowment Fund. Here are ways you can plan ahead and help the College, its students, and yourself through current tax laws.

Outright Endowed Gift

Due to special financial circumstances, a large, one-time gift of cash may be possible. In fact, for tax purposes, the donor wishing to establish an endowed fund in his/her name might find this the perfect time. A minimum of \$5,000 will do it, and a substantial tax savings can be realized. This is especially true for gifts of appreciated property (stocks, real estate, etc.). After the fund is established, it can be added to at any time and in any amount.

Life-income Options

The Pooled Life Income Fund and Charitable Remainder Trust are two options for the donor to make a major gift to the Foundation, receive income for life (and for one's spouse), and then establish an endowed fund in his/her name. The Pooled Life Income Fund has a minimum gift level of \$5,000 and with no cost to the donor. Charitable Remainder Trusts have a higher initial gift investment and costs to the donor, but the life income is generally substantially higher. The eventual gift to the College is much higher, too, of course.

Gifts of Real Estate

Most real property has appreciated over the years, so it can make a particularly good gift for purposes of establishing an endowed fund now or for establishing a trust, earning income for yourself now and establishing the fund later. If the property has appreciated, it should be given outright to the Foundation or to trust. In these cases, there is no capital-gains tax, a sizable income tax deduction is available the first year (and more if not needed in total in the first year), and a portion of the income thereafter is also deductible.

Another possibility is to gift your residence but remain in it for life. There are tax benefits here, as well.

Bequests

Perhaps most common is the gift by will. Advantages here include control of your assets until you no longer need them and removing assets from your estate, thus reducing both the size of your taxable estate and possible headaches for eventual executors. Gifts made can be specific amounts (or property), a percentage of your estate, or the remainder of the estate after the needs of other beneficiaries are met. By apprising the Foundation staff of your intentions now, provisions for eventual use of your bequest can be substantiated in writing, making certain that your wishes are met. (Also, substantiated bequests of a minimum of \$10,000 will include you in the Foundation's Cecil C. Tyrrell Society)

These planned giving options are just a few of the many available. Because each donor's situation is different, it is suggested that a legal and/or financial adviser be consulted.

For information on how you might become a "planned giver" and to receive the Foundation's Planned Giving Program booklet, please write or call Roger L. Hartman, Planned Giving Director, BCC Foundation, P. O. Box 1017, Binghamton, NY 13902. Phone (607) 778-5179.

Hornet Buzz

Gary Finch was awarded the prestigious BCC Image Award at the annual Honors Recognition Dinner this past May, for his dedication and contributions of time and talent to the College.

Professor Doug Garner received the coveted Richard E. Baldwin Distinguished Service Award, which is given each year to an individual who has served BCC with dedication and enthusiasm.

The **Lady Hornets Basketball Team** enjoyed one of its best seasons in school history, ranking 9th in the NJCAA National Basketball Poll on February 7th. Team members include Michelle Rogers, Stacy Chase, Lauren Scone, Valerie Chier, Carissa Acquisto, Cheryl Brown, Carol Brown, Regan Pendell. Congratulations Lady Hornets!!

The **BCC Cheerleaders** successfully retained their 1st place NJCAA Region III Cheer Title this past February.

Community Education has offered two summer courses at a discount for Alumni Association members: **The Office of the Future** Summer Community Education course on July 11th is designed for secretaries, office assistants, and office managers that desire to learn more about using the Internet in today's ever changing, high tech world. After lunch, our guest speaker Dr. Joan Englehart of the Tioga County Chamber of Commerce will present an exciting talk entitled "Will the Real Me Please Stand Up." In the afternoon, the focus turns to Interpersonal Communication Group Dynamics where you'll learn tips on how to improve your communication skills to increase office productivity. The cost is \$49.00 for Alumni Association Members and \$54.00 for non-members. Check with your employer to see if they provide tuition assistance for development programs like this one.

Two sections of our **Defensive Driving** course is being offered on Monday & Wednesday, July 17-19 from 6 - 9 pm AND Saturday, July 29th, from 9am - 4pm. The cost is \$35.00 for members and \$39.00 for non-members. This course pays for

itself with the discounts you can receive on your insurance premiums!!

Contact Community Education at 778-5012 to sign up for these spectacular courses.

1996 will see the debut of a new Humanities scholarship in the Music Department with the Glenn Gardner Instrumental Music Award. Glenn was a major force behind the art of jazz in our area and the owner of the Music Box in Johnson City. Funds for this award will be raised through private contributions and 50/50 raffles at various BCC Jazz Ensemble performances, in addition to many upcoming summer Jazz Exchange "gigs." The Jazz Exchange will be performing July 23, August 13 and September 17, and October 15 at Brothers 2 Restaurant on Watson Boulevard from 6 - 9 p.m. They will also be playing at the En-Joie Golf Course pavilion on August 23, from 7 - 9 p.m. If you haven't been to a jazz concert lately — you've been missing some spectacular sounds from our local musicians!!

ALUMNI on the Move

by Marjorie L. Miller

1940's

Norman D. Wells (ET49), retired as an account manager from Computer Peripherals. Norman and his wife, Betty, live in Southern Pines, North Carolina. They are the proud grandparents of a new grandson, Ryan Joseph Conway.

1950's

Daniel P. Drewry (MT57), retired from IBM Corporation after thirty-six years. The past 32 years, Daniel was a computer programmer. His daughter, Faith Drewry, is a sophomore at Penn State.

Dorothy Zillic Heller (BT59), is an independent marketer, and is living in Clay, NY. Dorothy received her marketing degree from Syracuse University.

Donald Nauerz (ET59), recently retired as a manager for CAE Link. His son, **Darrow Nauerz (LA86)**, received his bachelors' degree in education from SUNY Cortland and is working for NewChannels as a commercial producer. Darrow's wife, **Dane Roney-Nauerz (CC87)**, graduates this year with her masters' degree in special education from Binghamton University.

William J. Wein (MT59), recently retired from Corning Glass Company

after thirty-five years of service. William worked in research and development.

1960's

Sandra Carpenter Barrett (DH60), and her husband, Timothy, own and operate their own business, Delmar Carpet Care, in Albany, NY. They have three grown children, Daniel, Judy and Mark. Sandra formerly worked as a dental hygienist.

Richard G. Klinger (BT60), has recently retired after thirty-two years of service, as a college professor for Cayuga Community College in Auburn, NY.

Francis J. McKiever (CH67), and **Martha Taylor McKiever (CH67)**, are living in Kannapolis, North Carolina with their two sons, John and Thomas. Francis is an engineer with IBM Corporation. Martha was a former teacher with the Newark Valley School District.

John P. Utter (BT67), is a correction officer for Chenango County. John's wife, Teresa, his son Daniel, and his daughter Heather, are all attending Broome Community College, either as full or part-time students.

Robert E. Martin (PE68), was recently promoted to the position of regional customer engineering manager for NYSEG. Previously he was a division operations manager in Clifton Park, NY. Robert and his wife, **Barbara Lucey Martin (LA68)**, have two sons, Andy, 11 and Patrick, 8 years old.

Frank E. Sedor (LA68), is a software development consultant for IBM Corporation in Bristol, Rhode Island.

William C. Thompson (CH68), is living in Belton, Texas, where he is a physicians' assistant for the Temple Veteran's Administration Hospital. William's son, Thomas, will soon be graduating from Texas A&M University with a major in mechanical engineering. His daughter, Karyn, has been accepted as a student at Baylor University.

Allen R. Costello (MT69) is currently a manager of purchasing for New York State Electric and Gas. Allen is married to **Elaine H. Baburchak Costello (SC69)**. Their son, **David A. Costello (LA92)**, is working towards his bachelor's degree in accounting at the University of Bloomsburg.

Michael E. Kratochvil (LA69), has the position of automotive regional salesmanager for Rema Tip Top in West Milford, New Jersey. He and his wife, Susan, are celebrating their 25th wedding anniversary. Their son, Jason, has graduated from Towson State University; son Chris, is a junior at Lycoming College; and son Kevin is a high school heavyweight Varsity wrestler. Michael says "Hi" to all his fellow classmates.

Joseph A. Walsh (BT69), has been appointed as head coach of the girl's

varsity basketball team at Narrowsburg School District, where he is a teacher.

1970's

Jimmy R. Lane (BT70), is currently employed as director of Lindcare, Inc. In 1993, Jimmy earned his master's of science degree in health administration.

Cynthia Christopher (LA71), is the first president of Burnet Park Zoo Volunteer Association in Syracuse, NY. Cynthia also substitute teaches at West Genesee and Westhill School Districts.

Dennis M. Feheley (BA71) and his wife, **Cheryl Nichols Feheley (LA72)**, both furthered their education by returning to college after two decades. Dennis recently received a second BCC degree in nursing and now is employed as a registered nurse with UHS, in intensive care at Wilson Hospital. Cheryl is a student majoring in elementary education at SUNY Cortland.

Jody E. Diaz (BT72), is a second grade teacher for the Greene Central School District. Jody had received her elementary education degree from SUNY Cortland. Her daughter, Byrnnie, is currently enrolled as a BCC student in the criminal justice program.

James L. Ernest (BT72), recently retired from U.S. Navy, rank 1st Class, machinist mate, after serving all over the world for 21 years. His eldest daughter, Clarissa, recently graduated from DePaul School of Nursing, in Norfolk, VA and has a position with Eastern State Hospital in Williamsburg, VA.

Linda P. Houghton (LA72), is a legal secretary for the law firm of Ulrichson, Amarel & Cory in Rocky Hill, New Jersey. Linda has been a quilt maker for twenty years and one of her quilts will be featured in the Better Homes & Gardens magazine.

Richard J. Lane (BT73), is now an account executive with Dean Witter Reynolds. Formerly Richard was a buyer for IBM Corporation.

Michael H. Clapper (LA74), and his wife, Theresa, have three sons, Daniel, David and Stephen. They are celebrating their fourteenth wedding anniversary. Michael is superintendent of the recovery

department for Westvaco Corporation, Covington, VA, which makes a wide variety of paper containers for packaging.

Steven R. Clark (BA75), is a pathology nurse for N. I. Health Care. He is also an owner of a dog kennel and the proud owner of a national champion Jack Russell terrier for the second year in a row. Steven says, "Hello, Fran Battisti."

Lynn M. Libous-Bailey (LA75), is living in Leland, Mississippi where she is employed as a biological technician with the U.S. Government. Lynn says that Floyd R. West, former biology and science professor and a BCC emeritus faculty member, "made a difference" in her profession.

Frank J. Kucera II (BT76), works for IBM Corporation as an international headquarters sales product manager for the RS/6000 computer. The areas he covers, are Europe, Middle East and Africa. Frank was one of the original product planners for the RS/6000 computer.

Barbara A. Pascucci (BT76), is a self-employed bookkeeper. Her husband, Alan, works in personnel with IBM, in Matthews, NC. They have been married twenty-nine years and have a thirteen year old daughter, who ranks nationally in tennis.

Dr. Joseph P. Campbell (PE77), is a senior engineer for the U. S. Government and also will be working for the John Hopkins University. Joseph chairs the PTA technology committee. He hopes that his fellow alumni will contact him; his Internet mailing address is jpcamb@after life.ncsc.mil.

Dennis S. Gombita (BS78), founded his own company, D.S.G. in 1994. He provides fasteners and hardware for car dealerships, body shops, and institutions.

Richard A. Mauro (BM78), is a golf pro and manager for the Ely Park Golf Course. Richard also is a coach and instructor for Broome Community College.

Cathie Criddle (BT79), and her three daughters, have all graduated from Broome Community College. Cathie has the position of an equipment planner at Universal Instruments. Daughter **Jackie Criddle Niederriter (ES86)**,

went on to graduate with a bachelor's degree in wood products engineering from State University College of Environmental Science at Syracuse University and in 1994 earned her masters of business administration degree from Binghamton University. She is currently a senior analyst at NYSEG. **Amy Criddle Green (LA88)**, went on to graduate from State University College Oneonta with a bachelor of science degree in secondary math education in 1990, and in 1994 earned her masters of science degree in education from Binghamton University. She is currently a high school math teacher at Windsor High School. The youngest BCC graduate, **Laura Criddle (ES93)**, will graduate this year with a bachelors' degree in civil/environmental engineering from Clarkson University. Cathie adds that, "My husband, Keith, and I are proud of the education our daughters have received from BCC that was the foundation for their academic success. I just wanted you to know we appreciate the quality of the education BCC has to offer to our community."

Teresa F. Lockwood (BM79), and her husband, Wayne, have four daughters, Stephanie, 13, Katherine, 12, Anne, 7, and Christine, 6, who are all active in swimming, waterpolo and figure skating. Wayne is an associate professor in business at Broome Community College.

1980's

Catherine A. Kaschak (BM80), retired after spending thirty-three years in school lunch program service. Catherine remembered winning a scholarship in food service, which helped her to attend Broome Community College.

Roanne C. MacEwan (DH80), received her masters degree from Colgate Rochester Divinity School in 1992. She is a chaplain for the Crouse-Irving Memorial Hospital in Syracuse, NY.

Fred C. Shaheen (ET80), and his wife, Diane Houfflein Shaheen, are parents of two young daughters, Kim and Katie. Fred is a staff programmer for IBM Corporation.

Celia A. DeAndrea Rankin (CH81), married Kenneth J. Rankin in July, 1994. She is a chemical technician for Eastman Kodak.

Gerald R. Butchko, Jr. (CS82), received his masters of science in

marketing in 1994 at John Hopkins University. Gerald and his wife, Laura, who were recently married, are living in Gaithersburg, Maryland.

William J. Kane, Jr. (LA82), is vice-president and controller for the Grange National Bank of Susquehanna Co. William and his wife, Margaret McNally Kane, were recently married and went to Bermuda for their honeymoon.

Dave J. McPhail (ET82), and his wife, Eve, are the proud parents of Matthew and Jenna McPhail, one and 1/2 year old twins. Dave is a manager for the SNET Telephone Company in Connecticut.

James J. Meddleton (LA82), works as a press secretary for the New York State Senate. James and his wife, Jeanne, live in Albany with their year old daughter, Megan Anna.

Jacqueline Finch Patrick (LA82), recently earned the Certified Professional Insurance Woman designation from the National Association of Insurance Women and also was promoted to the position of commercial lines underwriter with General Accident Insurance. Jackie, her husband, David and her son, Daniel, live in Rensselaer, NY.

Daniel J. Binkewicz (CH83), is a process manufacturing engineer for Rexham. Both Daniel and his wife, **Mary Hamarich Binkewicz (CH83)**, formerly worked for Anitec. Mary resigned her position as a chemical technician to become full-time mother to son, Paul, age four, and daughter, Melissa, two years old.

Ann M. Newton Coleman (MR83), has recently received her bachelor's degree in nursing from the Medical University of South Carolina. She is a registered nurse for Capital Pediatrics in Raleigh, North Carolina. Her husband, Dennis J. Coleman, has been accepted for admission by the dental college, University of North Carolina, at Chapel Hill.

David G. Dix (CJ83), graduated from SUNY Oneonta with a degree in education. He is currently a science teacher for the Hancock Central School District. David's daughter, **Amy Kay Dix (LA92)**, also graduated from SUNY Oneonta with a degree in education and is a project coordinator for ARC in Walton, NY.

Mark W. Friends (CH83), is an electrical engineer for O.I.S. Co. and is living in Troy, Michigan. Mark would like to make contact with old BCC classmates.

Matthew J. Hinkey (MT83), general manager for Future Electronics Co. In Liverpool, NY. Matthew and his wife, Kristina, have a daughter, Kimberly, age 2 1/2 years old.

Padraic J. Kane (MT83), is employed as a field service training specialist for Raymond Corporation.

Scott L. Lambert (CT83), is a field engineer/carpenter for William H. Lane, Inc. Scott and his wife, Kathy, have twin girls, Ian and Kerri.

Brian C. Larson (MT83), was the lead project engineer of a major expansion for the Toshiba Corporation where he is in the facilities engineering department. Bonnie, his wife, and Brian have two sons, Justin and Dustin.

Marie D. Barina Mullins (MA83), and her husband, Richard, have a new son, Sean Patrick. and are living in Concord, North Carolina. Marie was formerly employed as a medical assistant for University Pediatrics in Concord, North Carolina.

Linda S. Noval-McCabe (RN83), recently married, moved to a new home, and is working on her master of science degree in nursing at Binghamton University. For the past five years, she has been employed as a public health nurse for Sullivan County.

Lynne Radley (MA83), is a medical assistant instructor for the Ridley-Lowell Business and Technical Institute.

Francis T. Korosec (ES84), went from the position of associate engineer for IBM Corporation to the position of project manager for Bell and Howell Co. Francis lives in Cary, North Carolina.

Michael N. McSain, Jr. (CJ84), is owner and operator of Allcrete Co. Michael and his wife, Doreen, have a two year-old daughter, Emily.

Valerie Tiberi Murphy (CC84), and her husband, Mark, have a year old son, Ryan Joseph.

Gregory R. Waller (BA84), presently has his own business as an investment advisor. Gregory is director of "Fathers for Children," an organization that deals with families breaking up, as in a divorce, and how it affects children.

Susan C. Danser (LT85), is a laboratory technologist for the Lee Memorial Hospital and is living in North Fort Myers, Florida.. She would like to be remembered to her "85" classmates.

Scott A. Andrew (BUBC86), passed his Certified Public Accountant exam and is a senior accountant for the firm of Ciaschi, Dietershagen, and Little in Trumansburg, NY.

Janice M. Lee (LA86), recently received her bachelor's degree in English, literature and language at Binghamton University. Janice is continuing her master's degree work in the same field at BU.

David A. Lesso (BU87), is a repair and service coordinator for Van Cott Jewelers.

Scott D. Hatch (ES88), and his wife, had their third girl, Cassidy Taylor Hatch, July 6th, 1994. Scott is an electrical engineer with Martin Marietta.

Michele L. McCarthy Hinds (OTEX89), and her husband, Steven, have a daughter, Andrea, age two, and they are expecting a second child in this year.

1990's

Darcia M. Black (BU90), is currently a photographer with Lauren Studios. She received her bachelor's degree in business accounting from SUNY Binghamton.

Beth Elwood (CERT91), was recently promoted from accounts payables to payroll coordinator in the Lehigh Division of Endicott Johnson Corporation. Beth

Lila K. Smith (LT94), recently became employed as a medical laboratory technician with Bassett Hospital. Lila is also happy to announce she is expecting her first grandchild.

Seventy-five percent of CT 64 class in attendance for class reunion!

Class Reunion - Civil Engineering 1964

The Civil Engineering Technology Class of 1964 held their 30th class reunion. Those in attendance were Jerry Ford, Ron Sickler, Tim Rogers, Chris Micalizzi, Patrick Mullens, Ed Brewer, Jim Honeywell, Dick Moran, and Ron Stratton. Many thanks to Edward F. Dougherty, former director of the Broome Community Center Computer Center, for conducting a tour for the class members and many thanks to Patrick Mullens for arranging the class reunion.
